

POST ACCREDITATION INITIATIVES :

As per Peer Team recommendations in Cycle 1 accreditation in November 2016, the initiatives taken up by the college since last accreditation are summarised here under :

1. Keeping in view the highly professional P.G. Courses and research facilities offering to the students, the sanctioned staff strength with subject specialization needs to be enhanced.

Efforts have been made at college level, although appointments of the staff are made by State Government through U.P. Higher Education Service Commission.

2. Since majority of staff and students undertake research, the college needs to establish its publication division immediately.

The college publishes Magazine and proceedings of selected research papers of National Seminars.

3. Renovation and upgradation of animal house and development of Botanical gardenis also recommended.

The Botanical Garden has been established with rare and medicinal plants related to research work and the Animal Hosue has been renovated and upgraded.

4. Training programmes for non-teaching staff in office management and computer education may be organized to enhance their efficiency.

Training programmes for non-teaching staff in office management and computer education have been organized at college level.

5. The Department of commerce and management needs to give due attention towards establishing its departmental library and also to establish Industrial linkages, so as to give practical exposure of their subject to the students.

Departmental library has been established in commerce department. To give the practical exposure of the subject to the students, many

industries have been visited by the students under the supervision of faculty members.

6. Remedial classes and extension activities needs to be taken up more seriously

Various extension activities have been roganized through N.C.C., N.S.S., Rover & Rangers and departmental societies, while Remedial classes have been conducted by the subject experts.

7. Central Library needs to be strengthened with more subject related books and journals and needs to be linked with INFLIBNET. This will enable research scholars to have access to world class knowledge.

Central Library has been strengthened by subject related text books and journals and INFLIBNET facilities have been made.

8. Central computer facility needs to be established immediately.

Central computerLab has been well established with internet facility

9. College needs to have proper budgeting because the deficit budget will adversely affect on its quality of education in the long run.

Now, no deficit budget is there in the college

10. College is a hub of research activities. Hence linkages with industries and other organizations needs to be established by signing MOU'S.

Efforts are made in this direction.

11. The teaching learning process could be made more student centered by innovative methods of teaching and should be supplemented by audio-visual aids and L.C.D. Projectors and Power Point Presentations.

The teaching learning process is supplemented by audio-visual aids, L.C.D. Projectors and power point presentation in all the departments of the college.

12. A career counseling and placement cell should be immediately established.

Career counseling and placement cell has been established in the college and continously working in the interest of the students.

13. College needs to provide internet / browsing facilities to the large number of students especially at P.G. and Ph.D. level to facilitate their research work efficiently.
Wi-Fi internet facility is available in the college campus to facilitate the students and research scholars.
14. Health Care Center of the College needs certain improvements to provide better medical facilities to the students and staff.
Health Care Center has been improved.
15. In order to expose talent students Exchange programmes need to be established with other college of state for sharing of resources such Library, Indoor games facilities.
Indoor games facilities are available in the college. Students exchange programmes have been organized from time to time.
16. There is ample scope for improvement in Canteen facility provided to the students.
Canteen facilities have been improved
17. College needs to have hostel facility for female students to attract students from far off places / Other state.
Since the college is surrounded by densely populated area of the city, the maximum population of college students belongs to said area, hence, there is no demand of Girls' Hostel from the students.
18. The recently established College Allumini Association needs to be strengthened and made oprational.
College Allumini Association has been strengthened.
19. College needs to replace its age old generator into a modern one to reduce noise pollution and disturbance in academic atmosphere
Adequate number of Generators have been installed in the college campus to keep unintrupted power supply.
20. The Peer team recommend establishment of a Language Laboratory in the department of English for innovative teaching to improve communication skills of the students.

Language laboratory has been established in the college.

21. No attempt has been made by the college to promote consultancy work for community services which needs to be done on priority basis.

Consultancy work for community services are being done through N.S.S. and N.C.C. students

22. The Peer team recommends that the college evolve a Plan of Action for the future on the basis of changing educational Scenario world over and thereby initiate appropriate steps to implement the same in keeping with the mission of the college.

Plan of action is framed and implemented in keeping with the mission of the college.

23. College may set up internal Quality Assurance Cell (IQAC) as per the guidelines of the NAAC to ensure continuous internal quality checks and monitor its progress regularly.

IQAC has already been established in 2007 and is working regularly.
